

# PHARUS 1200

## PROFESSIONAL FOLLOW SPOT

**PHARUS 1200** is the latest evolution of the D.T.S. follow spots range.

PHARUS 1200 is a new follow spot with a 1200 W discharge lamp, ideal for all professional applications (theatres, concerts, television studios, fashion displays, special events, etc).

PHARUS 1200 offers a **distinct improvement in projection quality** – thanks to a new optical group with condenser lens.

PHARUS 1200 offers also a series of updated functions that ensure effective and creative use:

- New customizable colour system (5 interchangeable gel filter holders);
- Linear iris-diaphragm (extractable);
- Linear zoom (8° to 22°);
- Linear focus;
- Mechanical dimmer with black-out.

PHARUS 1200 is designed to resist all the rigours of continuous use: the body is made in aluminium and stainless steel, which offer high resistance to heat and mechanical stress.

PHARUS 1200 is complete with external ballast (electromagnetic or electronic).
