

SCENA COMPACT

COMPACT PROJECTORS

Halogen

Discharge

SCENA COMPACT is a new range of small and lightweight projectors, ideal for use in theatres, showrooms, museums, churches, trade fairs, conferences, etc.

SCENA COMPACT offers a series of high-level operating features neatly fitted into an extremely compact space.

SCENA COMPACT is available in 3 models: with halogen lamp (max 300W), or discharge lamp (150W / 70W) with built-in ballast.

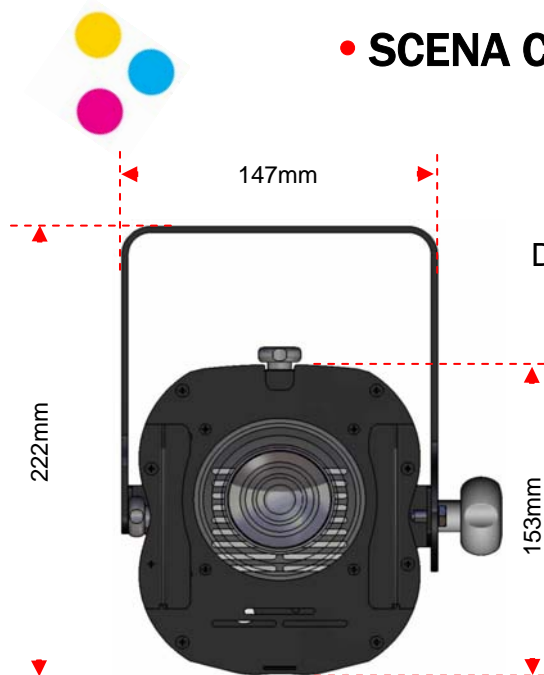

Features:

- Extremely compact and lightweight
- Focal adjustment from 20° to 40°, giving precision movement on a double track
- Boxed gel holder
- Steel housing with aluminium edge profiles
- 2 colours available: Black / Aluminium white (RAL 9006)
- Internal ventilation labyrinth
- G12 lampholder for discharge lamps (150W / 70W)
- GX9,5 lampholder for halogen lamps (max 300W)
- Power supply: 230V 50/60Hz
